

A WTN Ashwagandha komplex fejlesztésekor többek között az alábbi lektorált szakirodalmat használtuk:

- [Abu 2019] – Abu B., M., H., Azmi, M., N., Shariff, K., A., et al.: *Withaferin A Protects Against High-Fat Diet-Induced Obesity Via Attenuation of Oxidative Stress, Inflammation, and Insulin Resistance*, Applied biochemistry and biotechnology, 05, 2019.
- [Adrian 2019] – Adrian, L., L., Peter, D., D., Stephen, J., S.: *A Randomized, Double-Blind, Placebo-Controlled, Crossover Study Examining the Hormonal and Vitality Effects of Ashwagandha (Withania somnifera) in Aging, Overweight Males*, American Journal of Men's Health, 2019.
- [Birla 2019] – Birla, H., Keswani, C., Rai, S., N., et al.: *Neuroprotective effects of Withania somnifera in BPA induced-cognitive dysfunction and oxidative stress in mice*, Behavioral and brain functions, 07, 05, 2019.
- [Biswajit 2008] – Biswajit, A., Jayaram, H., Achintya, M., et al.: *A standardized Withania Somnifera Extract Significantly Reduces Stress-Related Parameters in Chronically Stressed Humans: A Double-Blind, Randomized, Placebo-Controlled Study*, JANA, 2008.
- [Candelario 2015] – Candelario, M., Cuellar, E., Reyes-Ruiz, J., M., et al.: *Direct evidence for GABAergic activity of Withania somnifera on mammalian ionotropic GABAA and GABAp receptors*, Journal of ethnopharmacology, 02, 08, 2015.
- [Fatima 2017] – Fatima, I., Hussain, T., Rfay, M., et al.: *Evaluation of antioxidant activity of leaves and fruits extracts of five medicinal plants*, Pakistan journal of pharmaceutical sciences, 09, 2017.
- [Gupta 2018] – Gupta, M., Kaur, G.: *Withania somnifera as a Potential Anxiolytic and Anti-inflammatory Candidate Against Systemic Lipopolysaccharide-Induced Neuroinflammation*, Neuromolecular medicine, 09, 2018.
- [Hameed 2018] – Hameed, A., Akhtar, N.: *Comparative chemical investigation and evaluation of antioxidant and tyrosinase inhibitory effects of Withania somnifera (L.) Dunal and Solanum nigrum (L.) berries*, Acta pharmaceutica, 03, 2018.
- [Ismail 2017] – Ismail, H., Rasheed, A., Haq, I., U., et al.: *Five Indigenous Plants of Pakistan with Antinociceptive, Anti-Inflammatory, Antidepressant, and Anticoagulant Properties in Sprague Dawley Rats*, Evidence-based complementary and alternative medicine, 2017.
- [Kaur 2001] – Kaur, P., Mathur, S., Sharma, M., et al.: *A biologically active constituent of withania somnifera (ashwagandha) with antistress activity*, Indian journal of clinical biochemistry, 07, 2001.
- [Langade 2019] – Langade, D., Kanchi, S., Salve, J., et al.: *Efficacy and Safety of Ashwagandha (Withania somnifera) Root Extract in Insomnia and Anxiety: A Double-blind, Randomized, Placebo-controlled Study*, Cureus, 2019.
- [Manchanda 2017] – Manchanda, S., Mishra, R., Singh, R., et al.: *Aqueous Leaf Extract of Withania somnifera as a Potential Neuroprotective Agent in Sleep-deprived Rats: a Mechanistic Study*, Molecular neurobiology, 05, 2017
- [Minakshi 2019] – Minakshi, T., B., Vidyanand, K., T.: *Ashwagandha in treatment of insomnia: A Review*, National Journal of Research in Ayurved Science, 2019..
- [Sachin 2015] – Sachin, W., Deepak, L., Kedar, J., et al.: *Examining the effect of Withania somnifera supplementation on muscle strength and recovery: a randomized controlled trial*, Journal of the International Society of Sports Nutrition, 2015.
- [Singh 2011] – Singh, N., Bhalla, M., de Jager, P., et al.: *An overview on ashwagandha: a Rasayana (rejuvenator) of Ayurveda*, African journal of traditional, complementary, and alternative medicines, 2011.
- [Thurman 1997] – Thurman, R., G., Zhong, Z., von Frankenberg, M., et al.: *Prevention of cyclosporine-induced nephrotoxicity with dietary glycine*, Transplantation, 1997.

[Usharani 2014] – Usharani, P., Raveendranadh, P., Nishat, F.: *Effect of standardized aqueous extract of Withania somnifera on tests of cognitive and psychomotor performance in healthy human participants*, Pharmacognosy Research, 2014.

[Wagner 1994] – Wagner, H., Nörr, H., Winterhoff, H.: *Plant adaptogens*, Phytomedicine: international journal of phytotherapy and phytopharmacology, 06, 1994.

[Yin 1998] – Yin, M., Ikejima, K., Arteel, G., E., et al.: *Glycine accelerates recovery from alcohol-induced liver injury*, J. Pharmacol Exp. Ther., 1998.
